

CHRIST THE KING CONVENT PUBLIC SCHOOL, MYSORE

NEWS LETTER JUNE - 2024

Affiliated to CBSE / Aff . NO. 831341

Dear CKC Families,

New Parents, Welcome to CKC Family!

It is a joy to see our campus fully alive with bubbly spirited and energetic students of Pre k thru Grade 9th. School is running in full swing with learning and activities. Our Kindergartners are getting settled as it is their first week of school!!! Thank you parents for being partners of education, helping your child get motivated to be in the school on time. We have about 100 new students joined CKC Public School this year which will make a positive impact on our Institution.

We see the students who are still not punctual and regular to school, probably due to parents being over anxious and kids being over pampered. If you refrain from pampering, you are helping your child to be independent, confident, and strong.

We are informed that the book kits have been delivered to the parents and made avail to the students almost in all the classes. As you are aware of the fact, there is a change of NCERT books in CBSE curriculum for 6th grade this year. Unfortunately, 6th grade syllabus has been in the process of upgrading and printing so, it is unpredictable of its availability, we have ordered the books that we were using previous year. Teachers have started the lessons, as smart boards are a blessing to download and display the reading materials in the class.

Our teachers' work is in progress with planning, preparing, attending Professional Development seminars and workshops. Let us be proactive and positive! "Respect Teachers and Support your School", just being attentive to and caring for your child's study habits and behavior. We are very much with the parents and extending our cooperation. However, many parents/ guardians are not on time to pick up your children, most often some of you sign out children for functions, parties, pilgrimage, appointments etc. Please curtail

your celebrations, outings, functions during school hours and plan it on holidays, weekends or after school otherwise they will miss the classes that result in poor performance in their submission of assignments, Assessment Tests and other activities. Kindly, pick up the students on time after the dismissal, they are left here in the school for long hours. We saw on Saturdays, after the school dismissal at 11:20 am, few kids were left until 12:40 pm. We don't have an Extended Care Program in our school. The duty teachers can stay with them not more than half an hour as they have plans and preparations.

Parents, you have the rights reserved to cancel your child's admission or withdraw her/his enrolment to the next class, accordingly stop the payment of fees thereafter. However, continuing with the school thus blocking a seat for new admission, and not confirming your enrolment to the next class is unfair this will disturb the very social fabric of the school. We have parents not admitted their children to the next class nor informed the school authority after 3 weeks of reopening. This attitude is unacceptable in CKC Public School.

Upcoming Events

Sl. No.	Date	Events
