

CHRIST THE KING CONVENT PUBLIC SCHOOL, MYSORE

NEWS LETTER JULY - 2024

Affiliated to CBSE / Aff . NO. 831341

“Great things never come from comfort zones”

Dear CKC Families,

The month of July affords our students many opportunities to participate and enroll in co-curricular activities. It has been a challenging time for the past month prioritizing on the academics, professional development courses to meet the demands of the Central Board, and working on Safety Measures, to keep safe and clean environment with better greenery around. Our students are well protected, safe, happy and growing smart day by day. Apparently, being happy and showing interest in studies seen on students of those whose parents are with the school in supporting and motivating their kids.

Thank you: We thank all the parents who made a priority to attend ‘Back to School Night’ on 14th & 15th June. It was an informative session given by Mr. Siva Kumar, the principal of West Lions Sevaniketan School, Mysore as the resource person of this event. He was very impressive with his expertise on CBSE system and its functioning. He enlightened us the effect of transition from State to CBSE, the curriculum requirement, class strength, Assessment pattern, grading system etc. I received feedback from parents who said, ‘it was very helpful and got answer to all our queries’. I suppose you were more satisfied to hear from an expert in this area than us.

Life Skill Learning is a must and will be part of the curriculum. It is the need of the hour for the students of 21st Century. Therefore it is mandatory for the students of Gr. V to IX to enroll for AI, Coding & Robotics which starts from Monday, July 1st. For Grade 1-IV though it is optional this year many students have joined the course, we appreciate the parents who are promoting and encouraging their kids. In our everyday life, the skills students learn, help them to find new way of thinking, problem solving, gain confidence, develop positive attitude and behavior, enhance health, and promote mental well-being and many more.

Martial Arts & Dance: Classes will begin from next week, please sign the permission slip and send it to the classroom. Karate classes have already started for the last year’s students who are continuing. Dance Class is opened to LKG & UKG students from this year.

We see remarkable changes in many students whose parents are with them in every step of their effort in studies and activities. I appreciate your interest in your son’s or daughter’s education and inculcating study/ learning habits. I am pretty sure that with your motivation, cooperation and nurturing, your child might have been prepared well for the First Periodic Assessment Testing that has been held last week. I guess, some parents were alarmed and anxious about kids Assessment Test early, which was an unnecessary. The PA test is held on what they have been taught and been prepared for.

Parent- Teacher Conference: This is scheduled on Saturday, July 13th between 9:00am and 11:00am. Please mark your calendar and avail this opportunity to meet your child’s teachers.

Student Handbook/ Calendar: You will be getting a copy of the Student Handbook/ Calendar this week. Kindly go through it and fill in the Student Profile page a copy of it should be given to the school office by next week.
